**Subject:** FW: Draft TD Lane Plating Works  
**Attachments:** TO 4 TD Lane Plating Works CAG.docx; CAG Guidance.pdf

Good morning,

I just wanted to forward what was sent for our Conflict Resolution TD from headquarters for the Lane Plating site. Please see the attached and below. I would like to respond to headquarters to potentially take the emphasis off building a CAG. When we had a phone conversation, they did not seem supportive of using the Local Government model, and letting city/state officials vet and select CAG members. Also, I feel like last night's successful meeting in City Councilman Atkins district has started us back towards building public trust. Now that we have that under our belt, setting up another meeting with city officials to start the CAG process should be our next immediate goal. If we do that, by the time HQ funds the Conflict Resolution contract, we will have already begun and potentially have a candidate pool.

Please let me know your thoughts or guidance on how to proceed. I have also attached the CAG Guidance. You can find the Local Government CAG model on page 10.

Thanks,

-Ed-

Hi all,

Sorry to be getting this to you so late. This week has been busier than usual. This represents a rough draft TD, and I've identified some spots to review and edit. I'll be in touch early next week so we can refine and finalize it. I'm out tomorrow (Friday), but I'll be back on Monday.

Have a good weekend,  
Gina
